

Team Policies Agreement Review

As we begin a new season, please take time to read the team handbook and/or the CVGA webpage, found on aftershockgymnastics.com. We have prepared this handbook as a roadmap for our new team families, and as a reference for our current families to refer back to throughout the year. The policies and rules expressed in the handbook are required for Aftershock Team Members. Please review the contents in its entirety as you are responsible for adhering to its contents.

Gymnast Name:

It is assumed that all outstanding financial obligations associated with Aftershock Gymnastics and/or the Aftershock Gymnastics Competitive Dues through PowerKids Center, will be handled in a professional and prompt manner. These financial obligations should be taken seriously, and the office staff should never have to stop business-as-usual from our class programs to seek out delinquent payments from Aftershock team members. These considerations should weigh in heavily when accepting a team position.

2019-2020
